

ACADEMICS:

The emerging Monclair St. façade and entrance.

The Third Floor...almost ready for walls to go up! On the left is the grand staircase opening.

The Second Floor is completely covered over, and we are beginning to lay out walls.

Walls, hallway layout, and the entrance to the grand staircase...the first floor is really coming together.

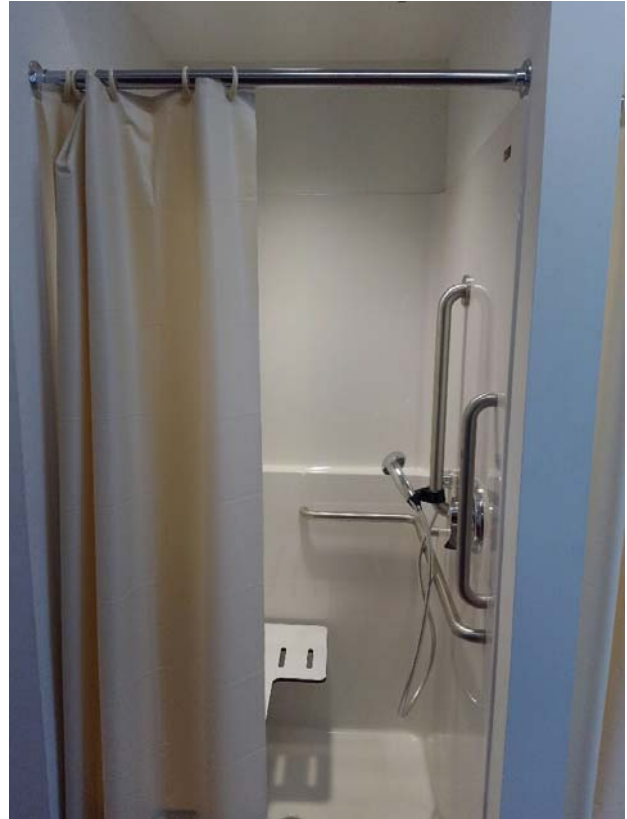

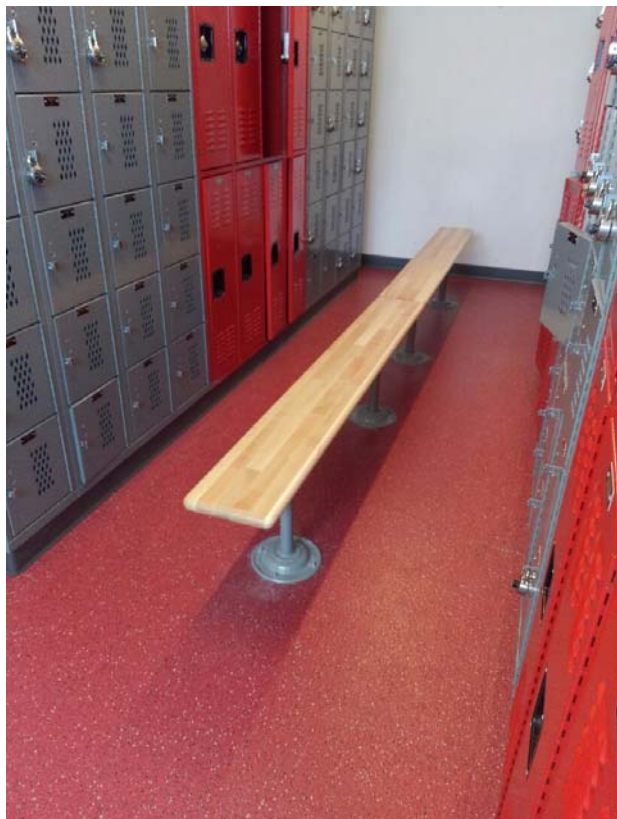

Third Floor hallway and classrooms are being taped and mudded, almost ready for paint.

The picture on the right shows where the dropped ceiling will be...it is about ten feet high.

Windows!! New and improved, selected to look historically correct, yet they are double paned and can be opened.

HEALTH & WELLNESS CENTER

Weight room and Locker rooms...up and running.
