

# Klamath Falls City Schools STEM Beyond School Program

Field  
Ecology!

Citizen  
Science!

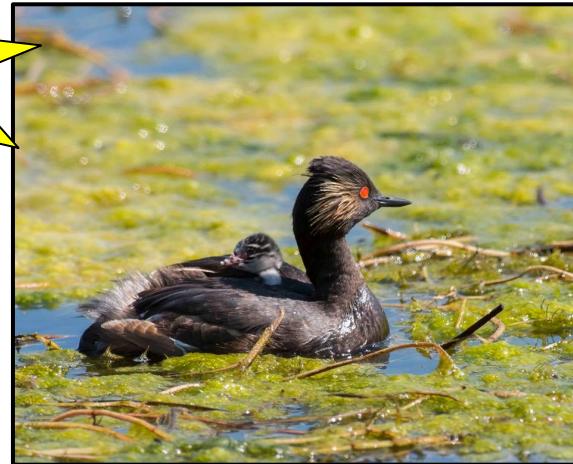

Open to 4<sup>th</sup> graders at  
Conger Elementary

Wednesdays from Nov 29th  
through May 30th!  
After school, 2:00 to 4:30 pm  
(No classes during winter/spring break)

## Explore Wetland Communities:

- Plant and bird identification
- Water quality testing
- Inquiry and engineering
- Field trips to wetlands throughout the Klamath Basin
- Develop your own research project
- Learn presentation skills

Students will use Science, Technology, Engineering, and Mathematics (STEM) to explore their environment through hands-on activities, field studies, and research, developing creativity, critical thinking, and problem solving skills. This program is for curious and motivated students, who rise to challenges.

*The STEM Beyond School Program is sponsored by the 21<sup>st</sup> Century Community Learning Center, Oregon State University, and the Oregon Department of Education.*
