

Lab benefits you'll love.  
OEBB members pay  
\$0 with Quest Diagnostics

Our job is to help you get well sooner and live well longer. We partner with other leaders in healthcare to bring you the best services – at no cost to you.

If your doctor orders a lab test, nothing should stand between you and the answers you need. As an OEGB member, you can save time and money with Quest Diagnostics.

## Two ways to use Quest Diagnostics

When you need lab services, using Quest Diagnostics is easy. Your provider will receive results quickly. And, best of all, you won't have a copay for covered lab services. For most members, the deductible is waived, too.\* Here's how to do it:

- 1 Get tested at a Quest Diagnostics Patient Service Center. You can find a location and make an appointment at [QuestDiagnostics.com/patient](https://QuestDiagnostics.com/patient) or by calling 888-277-8772.
- 2 Ask your doctor to use Quest Diagnostics. Have your doctor send your sample to Quest Diagnostics – or have Quest Diagnostics pick up the sample via their extensive logistics network.

For more information, just call Quest Diagnostics at 866-MY-QUEST (697-8378). Here's to your health!
