

Together, let's save OEGB patients money on lab tests.

You can help us lower our members' out-of-pocket costs. Just follow these easy steps:

- 1 When your OEGB patients need lab services, send them to Quest Diagnostics. As of Oct. 1, 2013, most OEGB members don't have a co-pay or deductible for tests performed by Quest Diagnostics.*
- 2 Find a Quest Diagnostics location and make appointments at QuestDiagnostics.com/home/patients, or call 888-277-8772.
- 3 If you collect specimens in your office, call 866-697-8378 to have a Quest Diagnostics courier pick them up.
- 4 For more information or to set up an account with Quest Diagnostics, just call 866-697-8378.

Thank you for helping your patients stay healthy – and save money at the same time!

**OEGB HSA Plan H members must first meet their deductible before Quest Diagnostics will be paid in full.*
