

**Klamath Falls City Schools**  
**May 11, 2012**

**District Newsletter**  
**Volume 1; Issue 16**

By law recent dollars approved by our Commissioners for schools **can only** be spent on capital items such as roofs, heating systems, and mechanical systems. They cannot be used for classroom expenses such as those proposed in the levy.

The proposed levy **will only be used** to lower elementary class sizes, add elective classes to grades 7-12 and update high school text books. This would allow us to lower K-3 class sizes by about five students per class and add a number of electives at both KU and Ponderosa. It will make it possible to bring the 7-period day back to KU.

As of Thursday afternoon, only 24% of the ballots were returned. **Every vote counts.** Ballots are due in by next Tuesday, May 15, 2012, at 8:00 p.m. There is a drop box behind the County Government Building at 305 Main Street.

Please thank the Commissioners for the help in repairing some of our facilities:
