**Klamath Falls City Schools**

**District Newsletter**

**Volume 1; Issue 17**

**Thanks and Congratulations to All of Us**

I was hoping last week that I would be writing this newsletter and not a very different one. My hopes have been realized; the levy received voter approval. Thanks to all of you who have made this successful vote happen for our children.

There are many people that made this possible. For fear of leaving someone off the list, I will not attempt to acknowledge all who played a critical part in the election. However, I do want to thank everyone who donated time, energy, or dollars to the effort. Without the help of many people along the way, the journey would not have ended in success.

Congratulations are also in order. First of all, I congratulate our children who now will experience lower class sizes, more learning options, and better instructional materials. These students are the beneficiaries of your generosity. They need and deserve the improved educational opportunity they will receive. Secondly, I want to congratulate our community that demonstrated not only their concern for youth, but also their desire to create a better future for the Basin. This successful levy is an important step to making this happen.

Thank you, Klamath Falls. I promise you we will use these additional funds wisely and bring the greatest benefit from them for our students and our community. We will be careful stewards of the resources you have entrusted to our care.

Sincerely yours,

Paul Hillyer, Superintendent
