

Meet the New KFCS Superintendent

After completing an extensive multi-state search, the Klamath Falls City Schools Board of Education is pleased to announce that one finalist has been selected from a field of 14 applicants.

Keith Brown
M.S. Ed.
Doctoral Candidate, ABD

Brown obtained his Bachelor's degree from Mid America Nazarene College in Olathe, Kansas, his Masters of Science from Texas A&M University-Commerce, and is a Doctoral candidate finalizing his dissertation. Brown has been an administrator since 1994 and a superintendent for 16 years. Previous to becoming a superintendent he also served as the Athletic Director and principal at Rivercrest High School. In 2013 he was named the Texas Association of School Boards Superintendent of the Year.

When notified that he was a finalist, Keith Brown stated "I am both honored and humbled to be one of the top two candidates for the Klamath Falls City Schools Superintendent position. It is an exceptional district and a wonderful opportunity! I am excited to visit the schools, meet students and staff, interview with the board, and spend time getting to know the community."

During his tenure at Taylor Independent School District he increased the General Fund balance by almost \$2 million, implemented programs that improved the district's academic ranking and lead the expansion of the CTE program to include over 1,100 students as well as a new partnership with Peterbilt to start a Diesel Mechanics program in the Fall of 2020. As the superintendent with Bay City Independent School District he and his team devised and implemented a vertically aligned curriculum and successfully utilized tools to identify where educational resources needed to be focused to improve academic achievement, resulting in significantly improving student achievement in all schools for all students.
